

✿ Renee's Garden ✿

One Company – Two Brands

Dear Valued Customer,

We Need To Advise You About Our Current Order Fulfillment Situation:

We have received and shipped a phenomenal number of orders in the last few weeks due to the coronavirus emergency after an initial already strong sales season.

As a result, we have now largely sold out all our inventory of filled packets projected for the season. Frankly, we are in a similar situation to supermarkets nationwide that have sold out of toilet paper and paper towels!

We need time to assess inventory, fill additional packets and restock our warehouse shelves. Of course, like everyone, we are working with reduced staff and coronavirus safety protocols in place so it will take us some time.

We will hold your order until we can fill it adequately. At that time, we will contact you to verify shipment.

We ask for your patience and understanding during this difficult situation

Sincerely,

A handwritten signature in cursive script that reads "Renee Shepherd".
